

Orbus Raised over \$14,000 for Project Cat and Donates to Toys for Tots

Orbus Exhibit & Display Group® raised over \$14,000 for Project Cat in 2018. Project C.A.T. is a global effort, launched by Discovery in partnership with World Wildlife Fund, to conserve protected land and double the number of tigers in the wild by 2022. Orbus encouraged participation in a number of fundraisers throughout 2018 to benefit the project, ending with an impressive \$14,000 donation to the cause.

Additionally, Orbus employees organized and contributed to the DuPage County Toys for Tots program from November 12 – December 13, by hosting a drive and collecting new, unwrapped toys for children aged through 18. Since 1947, Toys for Tots has distributed 548 million toys to support 251 million children and the DuPage County program collects anywhere from 60,000-80,000 toy donations annually. This marks the fifth consecutive year that Orbus has collected and donated for the program.
