

MVP SPOTLIGHT

Anthony Abatzis

ETS Express, Inc.

What is your title/role at ETS Express?

Regional Sales Manager for New England

What do you like best about your company?

The single focus mentality – focusing just on drinkware makes ETS the industry specialists, as we put all our time and energy on being the best and setting the trends, rather than following them. Our company is synonymous with quality and innovation because of this.

What is new & upcoming with your company?

Got a lot of exciting new product ideas and decoration methods in the workings – modern stainless steel food containers, stylish multi-functional bottles, new Contigo products, reusable metal straws and laser process are all on the horizon, some near and some farther out.

Tell us something about you that most people may not know.

I was actually born in Athens, Greece and moved to the US when I was younger. I studied Physics in college and then moved to NY to pursue a career in music before ending up in the Boston area, so the ship of life has certainly taken me to many different places!

If you could choose any profession other than your current one, what would it be?

Rock Star/Movie Star... obviously!

What is your favorite quote (movie/literary/personal)?

“I know one thing, that I know nothing” – Ancient Greek philosopher Socrates said this and coming from such a wise man it ruly inspired a sense of humility, but also a deep rooted curiosity and ever-lasting thirst to improve and gain more knowledge because the world is so vast and full of new things to learn.

What is your passion?

Playing music, guitar or piano.

What drives you?

An internal motivation to always try to be the best version of myself and learn more about this crazy world we're living in. Oh, and having a new mortgage and an 8 month old baby boy also helps fuel the drive!
