

# Giving Back, Giving Thanks & Having FUN!

NEPPA's last networking event of the year was held at Carbone's Prime in Rocky Hill, CT on November 14th. The event was all about giving back and giving thanks, but boy did we manage to have some fun too!!

Attendees were encouraged to bring a non-perishable item to be donated to the Rocky Hill Food Pantry after the event. The participation was truly humbling as the large table of donated items was overflowing to the ground!

No one left hungry as the food was truly Amazing. From pasta to pizzas, seafood, Italian cheese assortments and more, there was something for everyone to enjoy... including a fun food themed speed "price is right" game while everyone was indulging. The participation was great and lots of laughs were had by all.

Do you have FOMO after reading this? Be on the lookout for the announcement of NEPPA's first networking event in 2020. You won't want to miss out on all of the great networking and fun we are having!!
