

NEPPA Young Professionals Group Holds First Meeting

We had the first NEPPA Young Professionals Group Virtual Meeting on July 31st. There was a great turnout of 30 attendees. Our discussion centered around getting to know the other members of the group with half of the meeting dedicated to discussion. The discussion topics talked about first jobs and what they taught us, switching roles in our industry, hidden talents and biggest career wins. The feedback has been overwhelmingly positive with attendees commenting, "Loved this experience... the group had so many fun ideas for events," "Looking forward to meeting everyone in person at upcoming events" and "Looking forward to the next meeting." We thank all those who joined us and who have joined our Facebook group!

Special thanks to our sponsor, GEMLINE, who provided amazing swag bags for all who attended!
